INTERNSHIP COMPLETION CERTIFICATE

This is to certify that **Umesh Rajesh Mali**, a student of the final year M.C.A. (Master of Computer Applications), has successfully completed his internship at "**Gargi Linux Access Pvt Ltd**" from 20th January 2025 to 21st April 2025.

During the internship period, he was placed as a **MERN Stack Developer Intern** and worked closely with our development team on a full-stack web application project titled "**PrimeBid**", an online auction platform. The project involved the use of technologies such as **MongoDB, Express.js, React.js, Node.js,** along with real-time features and role-based access for Admins, Sellers, and Bidders.

Umesh was found to be enthusiastic, committed, and keen to learn during his internship tenure. His performance and contribution to the project were commendable.

We wish him all the best in his future endeavors.
